SKILLS

Languages:	C/C++, Python, JavaScript, PHP
Frameworks:	HTML and CSS, Express.js, React.js, Node.js, Django
Tools/Platforms:	MySQL, MongoDB, VS Code, PyCharm
Technical Skills:	Data Structures and Algorithms, Data Science, Excel
Soft Skills:	Problem-Solving, Team Work, Project Management

TRAINING

Analyze InfoTech <i>Full Stack Development</i>	Lucknow, Uttar Pradesh May 2023 – June 2023
- This was my first training, where I learned to design and develop websites using HTML, CSS, JavaScript, React.js, and Node.js, and to integrate an SQLite database with web applications. - I completed my first training, gaining a strong foundation in web application development. Tools & Technologies: HTML, CSS, JavaScript, Express.js, Node.js, SQLite	
Shri Balaji InfoTech <i>Python Full Stack</i>	Lucknow, Uttar Pradesh September 2023 – April 2024
- It is used to designed and developed a web application using Python and Django, on where to focus their performance and scalability. - I worked with MongoDB and SQLite for database design in web applications and gained hands-on experience in debugging, testing, and deploying applications. Tools & Technologies: Python, Django, HTML, CSS, JavaScript, Bootstrap, Express.js, Node.js, MongoDB, SQLite	

PROJECTS

Hotel Reservation System <i>HTML, CSS, JavaScript, MERN Stack</i>	June 2023 – July 2023
- Designed and developed a Hotel Reservation System to automate hotel booking and management processes, implementing core features such as room booking, customer registration, check-in/check-out, and billing management. - During development, I fixed a database issue where room bookings were not saved due to incorrect Database Connectivity Errors (JDBC) query mapping.	
E-Commerce Website <i>Django, Python, HTML, CSS, JavaScript, SQLite</i>	November 2023 – December 2023
- Designed and developed a full-stack E-Commerce website using Django that enables users to browse products, add items to the cart, and place orders, with secure user authentication and authorization for account management. - While developing the E-Commerce Website, fixed an authentication bug that allowed unauthenticated access to cart and checkout pages by implementing Django authentication and access control decorators.	

CERTIFICATES

Full Stack Development <i>Analyze InfoTech</i>	June 2023
Python Full Stack <i>Shri Balaji InfoTech</i>	April 2024
Data Visualization with Python <i>Cognitive Class</i>	September 2024
Machine Learning with Python <i>IBM Skills Network</i>	June 2025
Python for Data Science <i>Saylor Academy</i>	July 2025

EDUCATION

Lovely Professional University Master of Computer Applications	Jalandhar, Punjab August 2024 – Present
University of Lucknow Bachelor of Computer Applications <i>Percentage: 69.71%</i>	Lucknow, Uttar Pradesh October 2021 – June 2024
Blooming Buds Academy Intermediate <i>Percentage: 68.00%</i>	Khalilabad, Uttar Pradesh April 2019 – March 2021
Blooming Buds Academy High School <i>Percentage: 58.00%</i>	Khalilabad, Uttar Pradesh April 2017 – March 2019
